Renewal of borrowed equipment

Most equipment can be renewed for one additional loan period, as long as another patron has not reserved the item during that loan period. Exceptions are noted above. Renewals can be accomplished in person or by phone. We cannot accept equipment renewals by email.

Parts inventory

Equipment with multiple loose parts (such as DLP projectors) come with inventory sheets. A Library employee will take inventory at checkout, and again upon return.

Liability

The person who signs the Equipment Loan form is financially responsible for borrowed equipment that becomes damaged, lost, stolen; or that is missing parts when returned.

Tutorials

First-time users of a DLP projector are required to take a brief tutorial prior to checkout. The responsible party who signed the equipment loan form must attend.

Other Services	Description	Fee
